**COCOA LIFE PROGRESS IN NUMBERS**

**SUSTAINABLE COCOA FARMING BUSINESSES**
Working hand-in-hand with cocoa farmers to make cocoa farming a business of choice. We help farmers become more productive, so they can increase their income from cocoa.

- 175,017 farmers
- 2,021 communities
- 10,809,555 cocoa seedlings distributed
- 689 cocoa-farming demonstration plots
- 391 nurseries
- 3,205 CAP projects completed in communities
- 1,599 communities with a CODEC and Community Action Plan activated
- 583 communities with a Child Labor Monitoring and Remediation System or equivalent
- 656 communities with Child Protection Committees
- 270,863 community members and farmers educated on issues of child labor
- 1,967 Village Savings and Loan Associations (VSLAs) operational
- 321 VSLAs linked to finance institutions
- 18,234 community members involved in additional income-generating activities
- 97,860 community members trained on financial literacy
- 72,498 community members trained on gender awareness
- 52,905 community members trained on business management
- 9,059 youth trained on cocoa-related enterprises
- 1,420,082 cocoa seedlings distributed
- 7,170,070 cocoa-farming demonstration plots
- 391 nurseries
- 17,170,000 cocoa seedlings distributed
- 1,280,000 community members involved in additional income-generating activities
- 72,498 community members trained on financial literacy
- 52,905 community members trained on business management
- 9,059 youth trained on cocoa-related enterprises
- 1,420,082 cocoa seedlings distributed

**EMPOWERED COCOA COMMUNITIES**
Empowering the men, women and youth within cocoa communities to lead their own development and improve their livelihoods through entrepreneurship.

- 175,017 farmers
- 2,021 communities
- 10,809,555 cocoa seedlings distributed
- 689 cocoa-farming demonstration plots
- 391 nurseries
- 3,205 CAP projects completed in communities
- 1,599 communities with a CODEC and Community Action Plan activated
- 583 communities with a Child Labor Monitoring and Remediation System or equivalent
- 656 communities with Child Protection Committees
- 270,863 community members and farmers educated on issues of child labor
- 1,967 Village Savings and Loan Associations (VSLAs) operational
- 321 VSLAs linked to finance institutions
- 18,234 community members involved in additional income-generating activities
- 97,860 community members trained on financial literacy
- 72,498 community members trained on gender awareness
- 52,905 community members trained on business management
- 9,059 youth trained on cocoa-related enterprises
- 1,420,082 cocoa seedlings distributed

**CONSERVED AND RESTORED FORESTS**
Protecting and restoring the land and forests where cocoa is grown, together with the farmers and communities.

- 172,285 community members and farmers trained on Good Environmental Practices
- 149,761 farms mapped and monitored
- 1,420,082 economic shade trees distributed
- 121,167 cocoa-farming demonstration plots
- 689 nurseries
- 172,285 community members and farmers trained on Good Environmental Practices
- 149,761 farms mapped and monitored
- 1,420,082 economic shade trees distributed

All progress data as of end 2019.
